Professional Experience

Fullstack web developer

09/2022 – 04/2024 | Fukui-shi, Japan

Worked on a team of 7 members and built 3 e-commerce websites and one betting web application and a web template from scratch.

Implemented and maintained RESTful APIs, integrating third-party APIs resulting in a 20% improvement in app functionality and user experience.

Developed closely with the QA team to perform rigorous testing and debugging, resulting in a 99% reduction in reported bugs and errors.

Contributed to the development of a dispatch panel using React and Node.js frameworks, resulting in a 25% increase in operational efficiency.

Completed a number of project and made website smart with Wix for about 4 months.

Frontend Web Developer

09/2021 – 09/2022 | Fukui-shi, Japan

Collaborated with cohorts and mentors to create useful and efficient applications with Java, HTML, CSS, JavaScript and React.js. Professionally handled multiple user interface designs and practices best adhering to web standards and most efficient and incorporating best code practices. I worked with Next, using Redux Saga, Custom Hooks, our component library (using components and creating new ones) and conventional commits.

Freelance Web Developer

04/2018 – 09/2021 | Fukui-shi, Japan

Developed and maintained responsive web applications using React and Tailwind CSS, resulting in improved user experiences and increased user engagement.

Education

Bachelor's Degree of Computer Science,

Yokohama National University

04/2012 – 04/2016 | Suita, Japan

Collaborated closely with designers and backend developers to translate wireframes and mockups into functional and visually appealing interfaces. Implemented UI components utilizing Tailwind CSS, ensuring consistency across the application and reducing development time.

Languages

Japanese

English

Germany

Internship

04/2016 – 04/2018 | Yokohama, Japan

Proficiently wielded HTML, CSS, and TypeScript to construct visually captivating and flawlessly functional interfaces. Developing web sites with offered designs, became proficient to PHP and MySQL.
